Neteran Catcher Wants to Make Try at Ball Thrown From

Aeroplane.

Washington, April 16—1t seems likely that Manager McAleer, of the Washington American League team, will interfere with the reported project of Charles' Street, the veteran catcher of that club, of attempting to catch a ball thrown by Aviator Jannus from his aeroplane as it circles over the Polo Grounds in Potomac Park next Tuesday afternoon. Street is understood to be willing to make the attempt, but the buseball tans have raised some muttering of protest that even if he succeeds in catching the hall he will have done nothing of any value for the team will be the loser.

The Nationals need Street iselfind the hat in a hard campaign this searnoon, and the baseball enthusiasts any that Street should not take chances of the team remarking with a company of the team remarking makes the part of the part

New York, April 16.—Now make way for the betting ring that operates on baseball games. The speculative fraternity that has heretofore been takternity that has heretofore been takting a turn or two on the results at Jamesiown and Pensacoia has shifted interest to baseball with the opening of the season, and hand bookmen are preparing to take wagers on the great American sport. Betting schemes, which have been known in Pitisburg. Boston and Buffalo for several years, are being introduced here, and it is likely they will be followed by attempts to "make books" at the grandstands. Hand bookmen who operate on Broadway, from Forty-sixth Street down to Fourteenth, began to take hets on the results of games with the very first centest of the season. Ticket speculators, whom the new ordinance has driven to cover and trouble, have also gone into the business. Enright, the well-known commissioner, who handles much money on races and acts for pool rooms here and in Cincinnati, has prepared the most comprehensive scheme of all. He has solicitors out seeking clients for a weekly pool ou the number of runs made by clubs in the American and National Leagues. He has figured out that 1,500 combinations of four clubs	St. Louis Puts One Over on the Cincinnati Reds. Chicago, April 16.—Pittsburg defeated Chicago 4 to 1 here to-day in the first game of the series. Chicago's one run was made on a base on balls, a double and a single. A pass, two sacrifices and a single gave the visitors their first run. Two more were added with a single and a pair of cryors. The last run was the result of a single, a double and a sacrifice. The crowd was so large it overflowed into the outfield, and a hit into this territory went for two bases. The score: Chicago. There is much interest in the High-lander's series here the coming week Dixie Walker, Dolly Gray and Walter Johnson are the likely pitchers to be sent to the slab to oppose the visitors, and Jimmy McAleer will make a strong effort to land two of the games here.

Wednesday evening at 7 o'clock the Nationals will leave on their first trip, going to New York, Philadelphia and Posten, not returning to the capital until May t. Their stay here will not be long then, either, for they will have out four games with the Athletics helfore leaving for Chicago, and a Whirl-wine tour among the foreigners.

Next Thursday the Nationals will open the New York scason. With good weather there should be a large turnout of the Gotham fans.

Most of the Nationals attended Easter services at the churches here to-day Manager McAleer and Mrs. McAleer went to St. Patrick's.

The Gordon Motor Company has been selling cars in Richmond for almost three years. To begin with our business was modestly small, and it has always been han-dled in what we thought a conservative manner.

We have catered to the high-class trade with only the highest class of lines of goods. We have constantly told you through the columns of this paper about the various lines we handle, and we are starting in issue a short series of talks. It is our purpose to tell

you, in as few words as possi-ble, why we are in business, how we run our business, of what our business consists, what we do for our customers, what we have to offer our customers, and to invite, on the strength of our lines and our management, the patronage of discriminating buyers and automobile owners in Richmond and the State of

Virginia. We want you to have an opportunity to know us better, and in the offset we want to say that our business methods and everything connected with the Company and its affairs are public property, and our daily ac-tions are open to your in-spection. We are perfectly willing to abide by your ver-dict

Incidentally we sell Packard and Chalmers motor cars and operate a thoroughly up - to - date garage.
